Your plan allows you to visit any doctor who participates in Medicare and accepts the plan. If you'd like to choose a doctor from our network, you can use our online tool. Here's how:

1. Go to www.anthem.com/ca.
2. Choose the **Find Care** button.
3. Search as a member by logging in and using your member ID number or prefix (first three values), or search as a guest by selecting a plan.

The screenshot shows the 'Find Care' tool interface. It features two main options: 'Members' and 'Guests'. The 'Members' option is represented by a person icon and the text 'Find doctors, hospitals and more in your plan.' The 'Guests' option is represented by a person icon with a plus sign and the text 'Not a member? Browse our network directories.' Below these options, there is a prompt: 'Answer a few questions and then select a plan/network to search.' A dropdown menu is labeled 'What type of care are you searching for?' with the text 'Select type of care' and a downward arrow. Below the dropdown, there is a small note: 'Providers for Behavioral Health & Substance Use Disorder Services are listed under Medical Care.'
